

Building on the knowledge and skills learned from the previous term, Class 3 will be applying their Heads, Hearts and Hands Skills to play Invasion Games with a focus on basketball.

### Learning Objectives:

- Recap on fms previously learned
- Explore ways to keep possession of the ball
  - Develop passing skills
- Understand importance of teamwork
  - Develop receiving skills
- Identify space when playing in a game
- Explore how to get free from an opponent
- Show effective communication
- Explore different ways to defend
- Demonstrate spatial awareness when moving
- Improve ability to choose and use simple tactics
- Evaluate others work using simple criteria

### Language development:

Fundamental movement skills (fms), possession, chest pass, bounce pass, space, getting free, defending, controlled movement, tactics, evaluation, opponent

Identify and perform a range of fms

Describe simple tactics used in the game to keep possession

Show accurate throwing and catching skills

Describe the elements of successful passing and receiving

Use good teamwork skills when playing in a game

Move into space in order to catch/receive successfully

Describe a range of ways to get free from an opponent

Show fast, quick movements when trying to get past opponents

Show a variety of ways to defend

Watch others and give ideas of how to improve skills
