

Objective- changes within living memory. Where appropriate, these should be used to reveal aspects of change in national life

- The Hula Hoop became one of the first toy crazes in the United States in the 1950's.
- The teddy bear was named after Theodore Teddy Roosevelt the president at the time.
- Chalk was used by teachers to write on the blackboard.

An excellent book to extend learning further at home

RECAP! - Materials

Toys in the past were all made out of wood as plastic wasn't invented until the

Rich Victorian children's toys	Poor Victorian children's toys
<p>Rocking horses, toy soldiers and Dolls house</p>	<p>Spinning toys, peg dolls and skipping ropes</p>

Sticky knowledge

Toys have existed for thousands of years. They were made out of materials that were available at the time. Even stones and string have been used to make toys in the past.

Rich Victorian children played with toys such as clockwork trains, rocking horses, tea sets and dolls. Poorer children played with homemade toys such as peg dolls, wooden boats and rags stuffed with sawdust to make balls or toy animals

Modern toys are mainly made of plastic. This is because it is usually safer and easier to make things with.

Many modern toys use electricity to work. Computers and consoles were invented in the 20th Century.

19th Century 1800-1900

Toys - Wooden dolls, doll houses, tea sets, ball and cup, spinning top and toy soldiers

20th Century 1900-2000
